Systems

Mining Engineering  
&  
Consultancy

Turn-Key Refining  
&  
Recovery Systems

**EMAK REFINING AND RECYCLING SYSTEMS** founded in 1979 and serves Precious Metal Business ever since. As of today EMAK is exporting its own patented systems to over 50 Countries all around the world.

**EMAK Globally Provides Consultancy Services for,**

Turn-Key Precious Metal Recovery Systems for all kinds of materials  
Turn-Key Precious Metal Recovery Systems for Electronic Waste's  
Turn-Key Precious Metal Recovery Systems for Auto and Refinery Catalysts  
Turn-Key Mining Projects and Chemical Processes

EMAK operates in 3000 square meter factory building which includes fully equipped R&D laboratory.

**EMAK is the only company that delivers,**

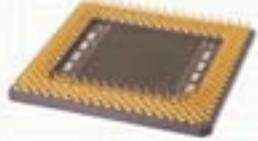

Advance Engineering Consultancy  
Tailor Made Designs  
R&D cooperation  
Know - How Transfer  
After Sales Services with  
35 Years of experience

## SYSTEM 1

### DIRECT GOLD RECOVERY

(from CPU's, RAM's, Plated Pins, Surface PM's)

999.9 Pure Gold Recovery  
99.5 Silver Recovery  
Environment Friendly Operation  
3 Hours Operation Time  
Easy to Use  
Global Warranty  
Low Energy and Labour Cost

## SYSTEM 2

### FERROUS / NON-FERROUS SEPARATION

(PCB Crushing & Separation Operation)

Perfect Physical Separation  
(non-ferrous / Ferrous / Plastic)  
Starting from 500Kg/day  
Easy Upgrade to Complete System  
User Friendly and Easy to Use  
Environmental Friendly  
Minimum Space and Running Cost  
Can Combine with **SYSTEM 1**

## SYSTEM 3

### CRUSHING & SEPARATION + TIN AND LEAD SEPARATION + NON-FERROUS BAR CASTING

Perfect Physical Separation  
(non-ferrous / Ferrous / Plastic)  
Starting from 500Kg/day  
Easy Upgrade to Complete System  
User Friendly and Easy to Use  
Environmental Friendly  
Minimum Space and Running Cost  
Can Combine with **SYSTEM 1**

## SYSTEM 4

### COMPLETE PRECIOUS METAL RECOVERY SYSTEM

9999 Au, Ag, Cu & PGM Recovery  
Complete Physical Operation  
Environment Friendly Operation  
Complete Know-How Transfer  
Cupellation and Electrolysis  
Easy to Use and Upgrade  
Low Energy and Running Cost  
Starting from 1 Ton and above  
Global Warranty

**ELECTRONIC WASTE** problem increases rapidly each year. Parallel to the waste problem, need for refining and recycling became a necessity.

**EMAK** provides, fully independent turn-key refining and recycling solutions. You can get the most out of e-wastes with our systems.

### From E-Wastes you can recover

9999 Purity GOLD  
9999 Purity Silver  
999 Purity Pd, Pt, Rh  
9999 Purity Copper

### Installation and Training

Continuous R&D Support  
Turn-Key installations  
Complete Know How Transfer  
%100 Customer Satisfaction

### EMAK Provides

Advance Engineering Consultancy  
Tailor Made Designs  
After Sales Services with 35 years of Experience

**RECOVER PRECIOUS METALS  
BY YOURSELVES!**

## CATALYTIC CONVERTER RECYCLING SYSTEM

**SHORT RETURN OF INVESTMENT**

**FULL R&D SUPPORT AND KNOW-HOW TRANSFER**

**ENVIRONMENTAL FRIENDLY OPERATION**

**UNIQUE AND EFFECTIVE RECOVERY PROCESS**

**LOW LABOUR AND RUNNING COSTS**

**TECHNOLOGY UPDATE**

**INDEPENDENT RECOVERY AND REFINING**

### TURN - KEY PHYSICAL SYSTEM

PLC Hydraulic Cutter  
Catalytic Opener  
Dust Collecting System  
Milling System  
Homogenize Sampling  
XRF Analysis Devices

### TURN - KEY CHEMICAL RECOVERY SYSTEM

PLC Hydraulic Cutter  
Catalytic Opener  
Dust Collecting System  
Milling System  
Homogenize Sampling  
Leaching System  
Sedimentation System  
Precious Metal Recovery  
Waste Neutralization System  
Laboratory + XRF Analysis

### REFINERY SERVICES:

**EMAK**, runs its own **REFINERY** in **ISTANBUL - TURKIYE**.

**EMAK** provides **REFINING SERVICES** for its customers.

In our high standard laboratories we analyze your catalytics and than give you the **best prices on the market**.

Please contact: [emak@emakmakina.com](mailto:emak@emakmakina.com)

Every year we receive hundreds of samples from all over the world to be analyzed in our laboratories.

Each mine has its own finger prints and each finger prints needs a special attention to reveal the values it contains.

**EMAK** with its own expert R&D team and fully equipped laboratories serves its customers with process design, system tools and operational design soonest possible.

**EMAK Provides;**

*Full Consultancy Services*

*Complete Refination Process*

*Analysis and Feasibility Reports*

*Turn-Key Mining Projects*

*LMBA Standard Results*

*R&D / Know How Support*

According to analysis results **EMAK** provides services to its customers  
**FROM DUST TO CERTIFIED BARS**

**LMBA STANDARDS**

**BE YOUR OWN REFINERY!**  
(REFINE & RECOVER YOUR PRECIOUS METALS BY YOURSELF)

**\$7 / Kg REFINING COST!**

**999,9% PURITY OUTPUT!**

**COMPLETE KNOW - HOW TRANSFER  
ENVIRONMENT FRIENDLY OPERATION**

**EASY TO USE**

**TURN-KEY INSTALLATION**

**UNBREAKABLE TITANIUM REACTOR**

**BUILT-IN SCRUBBER SYSTEM**

**LMBA STANDARD COMPLIANCE**

**DIRECT PRECIOUS METAL ACHIEVEMENT**

**MAXIMUM PROFIT IN SHORT TERM**

**NON-CYANIDE OPERATIONS**

**TAILOR MADE SOLUTIONS**

**STATE OF THE ART TECHNOLOGY**

**FAST OPERATION**

**SUPERIOR DURABILITY**

**EMAK REFINING AND RECYCLING SYSTEMS**  
provides the newest and the most reliable Refining  
and Recycling System to its customers.

Our Refining and Recycling Systems designed to  
recover The **Precious Metals** to its purest form

**WE ARE READY IF YOU ARE!**

### America

**Canada** Ottawa / Toronto  
**Mexico** Guadalajara / Mexico City  
Mexico City
